

This document is published periodically as a service to our customers. Supported environments are always changing, so if do not see your environment listed, please contact your account manager. If you are interested in older product environments (prior to IMSL Fortran Numerical Library 5.0 or IMSL C Numerical Library 6.0), please contact your account manager or email info@vni.com.

| IMSL Product | Hardware Processor/ Family | Operating System | Compiler | Bits | Part Number |
|---------------------|---------------------------------------|-------------------------|---|-------------|--------------------|
| CNL 7.0 | AMD Opteron (x86-64) | Windows XP/Vista x64 | Visual Studio 2005 | 64 | P10488 |
